RESEARCH GRANT PARTICIPATON

Administrative Burnout in Family and Unpaid Caregivers of Patients with Alzheimer's Disease and Related Dementias (ADRD)

Johns Hopkins University Bloomberg School of Public Health, Department of Health Policy and Management

04/01/2026 – 03/31/2027

Role: Co-I

\$50,000

Objective: This project will assess administrative burnout experienced by family caregivers of older adults living with ADRD

Guide for Role Awareness and Care Engagement (GRACE): Promoting Relational Coordination through Caregiving Mastery and Efficacy for Family Care Partners in Home and Community-Based Services

Emory Roybal Center for Dementia Caregiving Mastery

7/01/2026 – 6/30/2027

Role: PI

\$125,000

Objective: This project will adapt the GRACE intervention to include a self-guided, web-based educational component to enhance caregiver mastery, self-efficacy, and relational coordination.

Listening to the Frontline: Understanding Direct Care Worker Perspectives to Inform Policy
Lipitz Public Health Policy Faculty Award

Department of Health Policy and Management, Johns Hopkins Bloomberg School of Public Health

10/1/2025 – 9/30/2026

Role: Co-PI

Budget: \$20,000

Objective: This project aims to deepen understanding of the challenges and needs of direct care workers in Maryland, a critical yet undervalued segment of the healthcare workforce supporting individuals with disabilities.

Strategies to Improve Shared Care between Family Caregivers and the Paid Direct Care Workforce.

Johns Hopkins University Nexus Award

7/1/2025 – 6/30/2026

Role: PI

Budget: \$94,500

Objective: This award seeks to host a convening assembling JHU faculty, staff, and students, as well as other stakeholders to promote strategies to support and sustain shared care networks.

Elevating Evidence-Based Medicaid Home- and Community-Based Long-Term Services and Supports: A Compendium of Policies

Johns Hopkins University Nexus Award

7/1/2024 – 6/30/2026

PI: Miller, Katherine

Role: Co-I

Budget: \$294,326

8/25/2026

Objective: This award seeks to: 1) understand the scope of Medicaid HCBS policies and regulations; 2) examine which Medicaid HCBS policies and regulations are associated with measures of high-quality care; 3) develop a state Medicaid HCBS scorecard; and 4) disseminate our scorecard to policymakers and stakeholders.

Improving Information Sharing Between Caregivers and Home Care Aides Caring for Persons Living with ADRD

National Institute on Aging

1/1/2023- 12/31/2027

Role: PI

Budget: \$634,454

Objective: The goal of this K01 Career Development Award is to develop and refine a home care role and preference guide to improve information sharing between family caregivers of older adults living with ADRD and home care aides. The proposal will support the career development of Dr. Chanee Fabius who aims to conduct embedded pragmatic clinical trials (ePCTs) directed at testing interventions in real world settings to support the home care workforce and improve care quality and quality of life among older adults receiving services and their family caregivers.

National Institutes of Health/National Institute on Aging Loan Repayment Program

7/1/2022-6/30/2024

Prognostic Significance of Family Caregiver Factors of Older Adult Health Events

National Institute on Aging

9/15/2015-5/31/2019

PI: Wolff, Jennifer

Role: Co-I

Budget: \$330,282

Objective: This study draws from linked nationally representative disability and family caregiver surveys, administrative claims, and vital statistics files to determine which family caregiver factors predict disabled older adults' risk for all-cause hospitalization, nursing home entry, and all-cause mortality and to develop prognostic models for these outcomes.
